Mid Atlantic Heater & Control, Inc. will custom design a control panel to meet the specific needs of your company's application. We carefully consider every job, no matter how big or small. Our full line of products allows us direct access to every component you need to keep your company up to date with today's rapidly changing technologies. All of our panels are thoroughly checked and tested prior to leaving our warehouse. Our technical department is considered the best round and we take pride in our workmanship.
